Clarity & Structure		
Use of Evidence or Examples		
Depth of Explanation		
Any Bias or Irrelevant Info?		
Unique or Surprising Ideas		
Factual Accuracy		

Follow-Up Questions

1. Which ideas from either AI tool added unique value or offered surprising insights? Which ones came from you, and which ones were generated by AI?

2. Did you encounter any irrelevant, biased, or overly generic content? Explain.

3. Which AI tool gave you more useful or insightful ideas overall? Why?

4. Were any responses factually inaccurate, vague, or lacking depth? Describe and explain.

5. How did the tone, structure, and clarity of responses differ between ChatGPT and Gemini?

6. How would you use each tool differently for future research tasks?
